

Bill Nelson, shown here in 1966, was a member of the Corte Madera Volunteer Fire Department for fifty years. He contributed to the life of the community in many ways, including leading the way toward getting Town Park established. Both Bill Nelson and his brother Frank served as chiefs of the police and fire departments in Corte Madera.

Cards like this were distributed to every household, so that when the fire whistle blew, everyone would know what part of town was involved and could respond appropriately.
